

# ARUNDEL PARK RIDING FOR DISABLED INC.

## Horse Profile 2011

### "CAMPAIGN"

BREED : Percheron/Throughbred  
HEIGHT : 15.1hh  
COLOUR : Bay  
SEX : Gelding  
AGE : 7  
ARRIVED AP: 6<sup>th</sup> February 2010  
OWNED BY : Arundel Park

Campaign arrived at Arundel Park in February 2010 and he started off a very quiet and slow, placid horse. Fine with all game objects and ramp with wheelchair, like he has done it all before.

He is a solid breed which is highly needed here at our centre.

He has become a very reliable horse, although he can be stubborn at times, he is very safe and looks after our riders well.

Campaign is used for all riders; from disabled children and adults to able body classes. He is solid build to help riders with balance.

He is also Harness and Vaulting trained and currently under training to become a RDA harness horse as well.

Not often do you find a horse that can do three different RDA disciplines, he is a special boy.

A great member of our Arundel Park horse team and we hope to have him with us for many years to come.
